INTEREXCHANGE TELECOMMUNICATIONS SERVICES

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS (CONT'D.)

Itemized Billing - A billing report which indicates the telephone number to which calls are made and the duration of each call.

Intrastate - Calls which originate and terminate between any two points in Arizona.

Management Report - A billing report which assists management in monitoring calls made by Authorized Users by listing calls by Customer Identification Numbers and Project Codes.

Mileage - In calculating rates based on mileage, the measurement of distance is the air miles between the offices of the local telephone companies which originate and terminate the calls.

Project Codes - A number sequence which is dialed after the Customer Identification Number which is used by Customer to identify to which project or client a call should be billed.

Special Service - Labor and expenditures required by Customer to provide service outside the scope of normal services. This class of service includes without limitation services whereby Company is required to incur unusual costs for engineering, purchases, labor or other related costs to provide the Customer-requested service.

Speed Numbers - Telephone numbers stored in Company's switch allow Customer, after accessing the switch, to push a limited number of buttons on its phone and have the switch dial the requested stored phone number, eliminating extra digit dialing for Customer.
